UNIT 4 CODE QUEST

Applying Knowledge (code & debugging)

CODE

DEBUGGING

- 1 What would happen if the 'set Motor A angle to 0' block is missing?
- 2 What would happen if we use an 'if' statement instead of an 'until' statement?

Missions

Mission 1

- 1 Change the 'until' statement to a 'while' statement so that the program works exactly the same way.

- 2 Based on the answer above, change the code accordingly.

Mission 2

- 1 **Adjusting the Door's Distance:** Use the Dial to set how far away someone should be to open the door. Look for a block that fits the blank.

DID YOU KNOW?

the shape with rounded borders is for numbers.

- 2 **Incorporate the Dial:** Add the Dial module to your project and update the code to reflect this change.
