UNIT 4 CODE QUEST

Applying Knowledge (code & debugging)

CODE

DEBUGGING

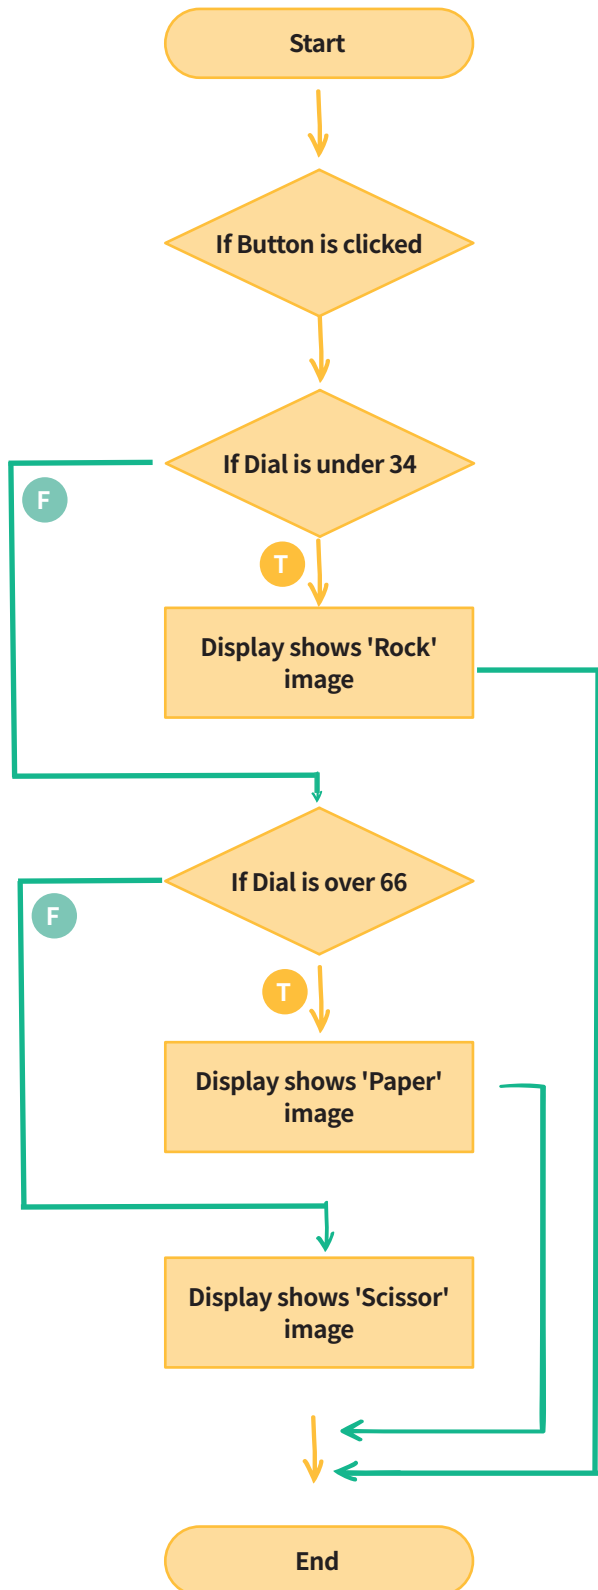

- 1 What if we don't use any Nested-If statement?
- 2 What do we need to add a standby screen?

Missions

Mission1

- 1 Adding a Delay: Let's include a temporary screen that lasts for 3 seconds before your move appears on the screen. Fill in the blanks and determine where this pause should be integrated into the flowchart.

Look at the flowchart on the left and decide where to place this step.

- 2 Based on the flowchart you've just created, write the corresponding code.

Mission2

1 Filling in the Blanks: As shown in the image below, fill in the blanks with your preferred move.

◦ EXAMPLE

◦ YOUR ANSWER

2 Code Update: Based on the graph you've just completed, update your code accordingly.
