- ☐ C To speed up the voting process
- ☐ D To ensure all votes are counted equally

CORRECT ANSWER

☒ A

Critical Thinking Challenge

- 1 Discuss how the integrity of elections could be compromised without the secrecy of ballots. What might happen in such a scenario, and how would it affect public trust in the electoral process?

- 2 Consider the impact of technology on voting. What are potential risks and benefits of moving entirely to digital voting systems, especially considering cyber-security concerns?
