UNIT 4 CODE QUEST

Applying Knowledge (code & debugging)

CODE

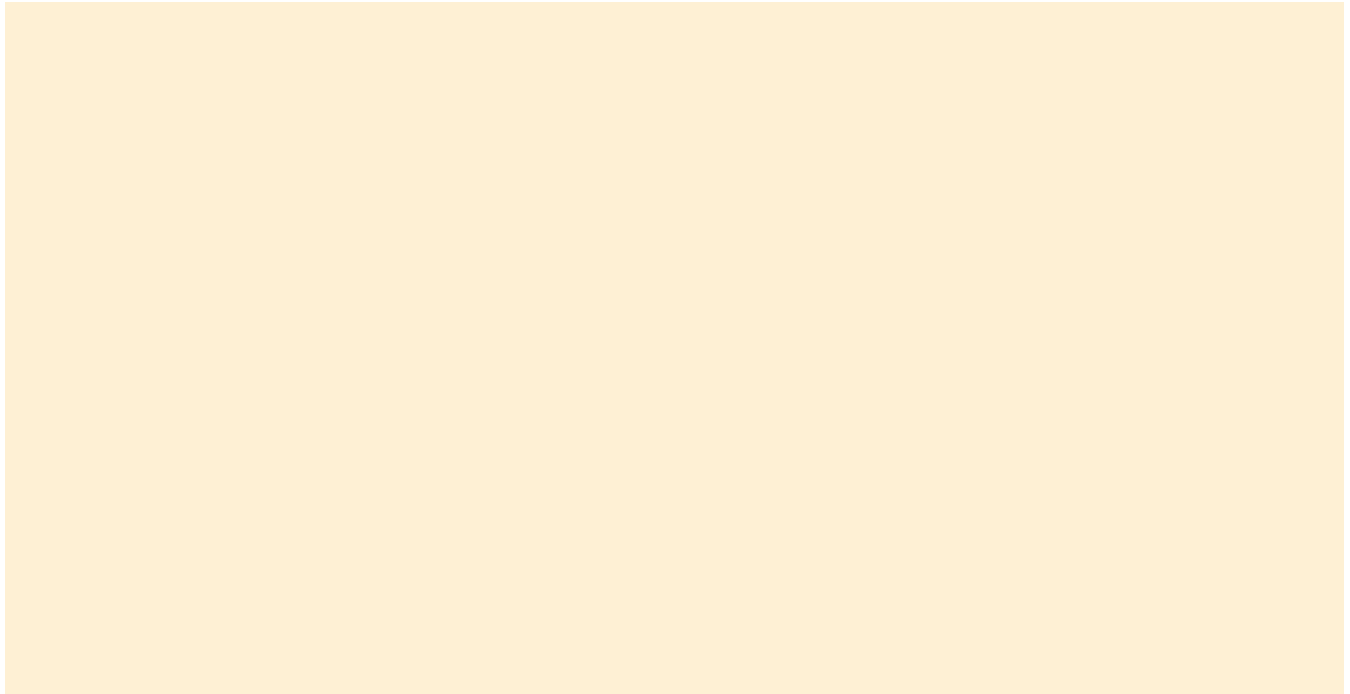

DEBUGGING

- 1 What will happen if the code is missing the dial module?
- 2 What will happen if the wait blocks are absent?

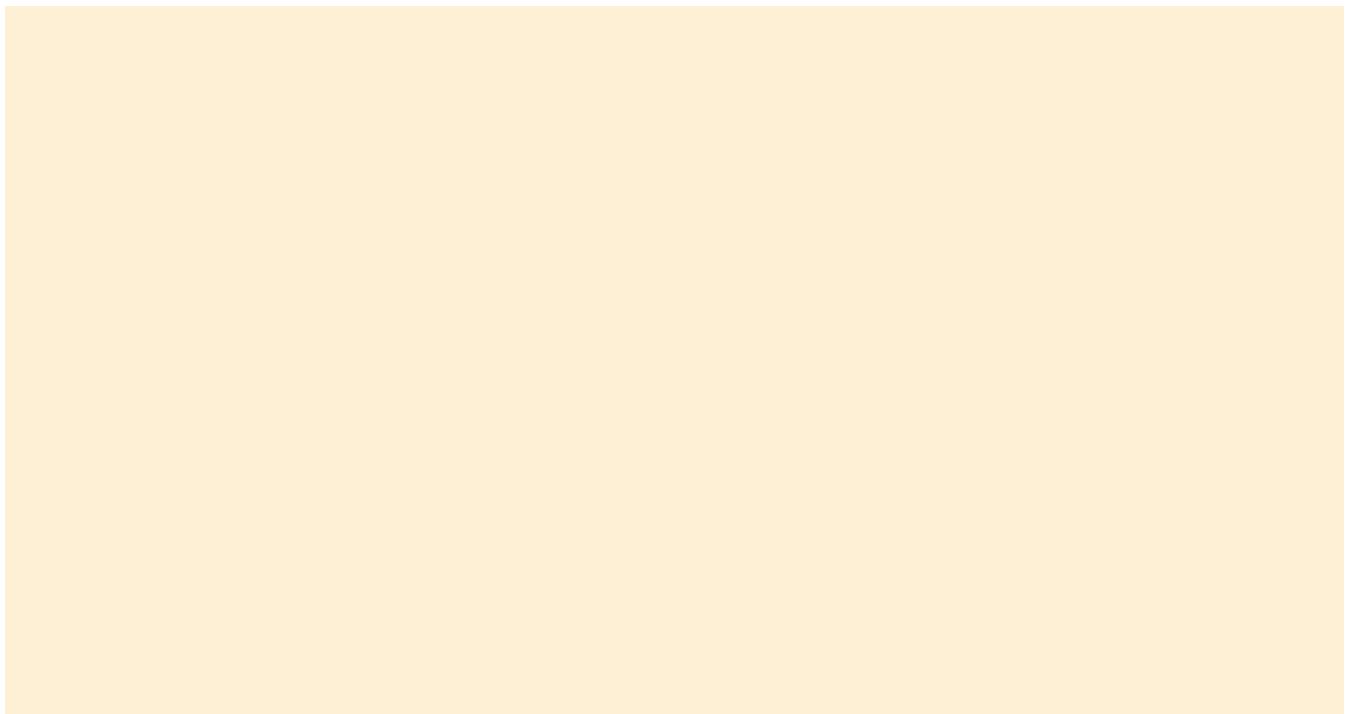

Missions

Mission 1

- 1 Add code for a display module to show 'operating' when the AirDresser is used.

- 2 Add code to the Speaker module to trigger an alarm when the AirDresser is finished.

Mission 2

- 1 Instead of stopping the AirDresser with a button, try changing the code so that it starts with a button and runs for 10 seconds before shutting down automatically.
