HAPPY BIRTHDAY TO YOU

UNIT 1 THE MAGIC OF BIRTHDAYS

WHAT IS A BIRTHDAY?

Birthdays are special days when we celebrate the day someone was born. They are marked with parties, gifts, and good wishes from friends and family.

Birthday Traditions Around the World.

WHY DO WE CELEBRATE BIRTHDAYS?

Celebrating birthdays is a tradition that dates back thousands of years. It is a way to honor a person's life, make them feel special, and show them how much they are loved and appreciated. Birthdays also allow us to gather with friends and family and create happy memories.

THE SYMBOLISM OF BIRTHDAY CANDLES

Birthday candles add a magical touch to the celebration. Each candle represents a year of the person's life. When all the candles are lit, they create a beautiful, glowing display. Blowing out the candles is a fun tradition that comes with making a secret wish. If you blow out all the candles in one breath, your wish will come true!

●● Activity: Share Your Birthday Memories

Draw and write about your favorite birthday memories and share with your friends.
