UNIT 4 INNOVATIVE CLEANING SOLUTIONS: ROBOT VACUUMS

● Innovative Cleaning Solutions: Robot Vacuums —

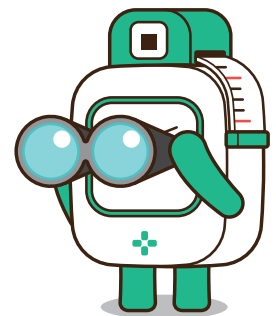

WHAT IS A ROBOT VACUUM?

A robot vacuum is a small, round machine that moves around your house, removing dirt and dust from the floor. It has tiny wheels to roll around and knows where to go using special sensors.

WHY DO WE USE ROBOT VACUUMS?

Robot vacuums make cleaning easy! Instead of using a regular vacuum cleaner, you have to push around, the robot vacuum does the work for you. This means you can spend more time playing, reading, or doing other fun things while the robot keeps your house clean.

Multiple Choice Questions

1 Why is mopping important for your home?

- ☐ A It makes the floor shiny
- ☐ B It helps remove dirt, germs, and spills
- ☐ C It changes the color of the floor
- ☐ D It makes the floor slippery
