This PDF document is included in the unit materials.

UNIT 4 DIVE INTO FLOW

● Fun facts about gardening

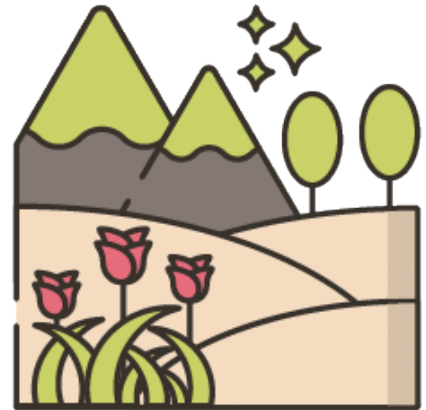

1. PLANTS CAN TALK!

- Did you know that plants have a special way of communicating? They can send signals to each other through their roots. It's like they have their secret language!

2. SOME PLANTS ONLY OPEN AT NIGHT

- There are special plants called "nocturnal flowers" that only bloom at night. They wait until it's dark to show their beautiful petals.

3. SPRINKLERS CAN SAVE WATER

- Using a sprinkler can help save water because it spreads the water evenly. This way, plants get the right amount, and we don't waste water.
