UNIT 2 ALGORITHM WITH FLOW

WHAT IS AN ALGORITHM?

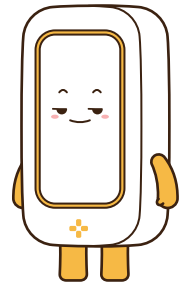

An algorithm is a set of instructions for solving a problem or completing a task. It's like a recipe that tells you how to bake a cake step by step.

Let's Find Out - Creating a Storyboard

A storyboard, a series of pictures showing the steps of our program, helps us plan our instructions visually.

Please write down the correct order in which the items in the picture should be arranged.
